

V. 1.1 / février 2022

Regulations for the Trophée Jura'Chien 2022

1 – Details of the event :

Le Trophée Jura'Chien is a canicross race taking place over 4 days in the Jura massif (department 39), at the Centre Sportif de Bellecin - 39270 Orgelet (Vouglans Lake). This event takes place under the racing rules of the Federation of Canine Sports and Recreation (FSLC), available on the website: www.fslc-canicross.net

The organizer is the association Doging Jura, registered in Jura Prefecture under number W392003627, affiliated to the F.S.L.C, whose headquarters is: 35 chemin des Epis - 39000 Lons le Saunier. Registration of the competitor in the Jura'Chien Trophy implies full acceptance of these rules.

The winner of the Jura'Chien Trophy is the competitor with the best time with the same dog on the total of the 4 events: Scratch Male – Scratch Female (adult,junior).

For the “child” categories, the trophy is awarded to categories (Benjamins, Minimes, Cadets) with more than five competitors. The trophy is won by the fastest rider, boys and girls separated.

Prizes can also be awarded by category (refer to the FSLC Regulations), as long as the number of competitors is sufficient (5 per category - otherwise it will be grouped with the neighbouring category with the least number of competitors).

The organizer reserves the right to also award «special prizes»: prizes for the smallest dog, the red lantern, the most represented breed, etc.

2 - Participation:

Le Trophée is open to all canicross participants, licensed or not. The minimum age of dogs is 18 months completed on the start date of the trophy (except dog competing only on a child race: 15 months). Participation is FREE for CHILDREN under 15 years of age (categories Baby, Benjamins, Minimes, Cadets). Registration opens on February 26, 2022 at 8:00 am, the deadline for registration is May 14, 2022 at midnight. The first week is reserved for licensed competitors FSLC and ICF registering for the trophy with a single dog. The second week registration is open to all (non-licenced, several dogs, etc.)

2-1 - TARIFFS: see table below.

2-1-1 : Tarif «LICENCE»:

Competitors licensed to the following federations: FSLC, FFPTC, SCC and foreign federations adhering to the I.C.F (International Canicross Federation: FCB, FSC, VDSV, etc.). Submission of the valid license is mandatory. For foreigners, a medical certificate of no contradiction to the practice of sport in competition of less than 1 year on the date of the event is mandatory.

2-1-2 : Tarif «NON-LICENCED» :

COMPETITORS NOT REGISTERED OR LICENSED TO OTHER SPORTS FEDERATIONS other than those listed in paragraph 2-1-1 (athletics, sleds, etc.). This tariff is defined under the ATP (Other Equity Interest) licence, which is set at EUR 5 for non-LSP competitors. The presentation of a medical certificate of no contradiction to the practice of sport in competition of less than 1 year on the date of the event is mandatory.

TARIFS 2022	Inscriptions du 26/02/22 au 14/05/22	
	LICENCIES	NON-LICENCIES
Trophée ADULTE	55,00 €	60,00 €
Trophée JUNIOR (15/18 ans)	32,00 €	37,00 €
Trophée ENFANTS (moins de 15 ans)	GRATUIT	GRATUIT
Chien SUPPLEMENTAIRE	5,00 €	5,00 €

2-4 - Vaccinations :

For all dogs present on the site, vaccination against Rabies, kennel cough, Parvovirus and Distemper is mandatory, according to the Technical Rules of Security issued by the delegated federation. In addition, competitors are required to ensure that the health of their dog(s) is compatible with participating in the Jura'Chien Trophy with a veterinarian.

3 - Inscriptions :

Entries are limited to **250** adult competitors et **50** child competitors.

3-1 – Inscription modes :

The standard formula is a registration for 4 days of trials with the same dog. The classification of the Jura'chien Trophy will only take into account the competitors having raced with the same dog for all the 4 events. Each dog has an assigned BIB NUMBER (CHIP). It is not possible to register for a period of less than 4 days, this for organizational reasons.

3-2 Inscription changes :

Entries are subject to change until the closing date (May 14, 2022), after which NO CHANGES WILL BE ACCEPTED. There will be no on-site registration or changes.

3-3 – Inscription Cancellation :

After the registration date (May 14, 2022), the organizer authorizes the cancellation of a registration with reimbursement of fees (see paragraph 3-5) ONLY under the following conditions: the request is made at least 24 hours before the start of the event and is motivated by an exceptional reason (accident, injury of the competitor or dog, breakdown, death) ON PROOF (medical or veterinary certificate or insurance), and sent by email to: tropheejurachien@gmail.com. Subsequent refund request will not be considered. Bank charges (credit card registration) and postal charges will be deducted from refunds.

3-4 - Inscription and payment site :

Registration is done exclusively on the FSLC racing platform : <https://courses.fslc-canicross.net/en/>. Payment is made by credit card, by cheque (mailing) or funds transfer. No registration is valid if payment is not made. Candidates are only included in the list of registrants AFTER RECEIPT of the total amount of the payment. The amounts paid and the information provided are the sole responsibility of the competitor.

3-5 – Inscription Remboursement :

Only in case of total cancellation of the race or under the conditions defined in paragraph 3-3. Deductible charges will apply, bank charges (card payment), postal charges, and possibly fees from an organizational contribution (see paragraph 4).

4 – Event cancellation :

In case of a « force of nature » (weather, exceptional phenomena, health measures, etc.), the organiser may decide to cancel the race partially or completely. Competitors will be notified as soon as the decision is taken, and an organisational contribution will be defined according to the actual investment devoted to the event. It will be requested from all competitors and deducted from their refund.

4-1 - Températures :

In case of temperatures above 25°C, race departure times will be changed (advanced in the morning or delayed in the afternoon). If, however, despite this shift, the temperatures remain above 25°C, the races will be cancelled. Partial cancellation of races does not entitle a registration refund.

5 - Timing :

5-1 Measurement: In order to ensure a reliable measurement of race time, the timing is done by means of an electronic chip triggered by electronic belt system at the ARRIVAL of competitors. Departures are based on the schedules defined on the departure lists. If competitors do not leave at the set start time, the delay is added to their race time. The times measured by any device other than the official timing (GPS watch, smartphone, etc.) are not taken into account.

5-2 – Placement of timing chip :

The chips must be fixed according to the instructions given by the organiser, in order to be as close to the ground as possible. In the event of a dead-heat, a camera on the finish line will decide the winner: according to the federal regulations, it is the DOG'S MUZZLE that determines the winner. Competitors who attach the chip to another location or have lost their chip will be disqualified from the event. Attention: each chip is assigned to a dog; if several dogs are engaged, be sure to check that the chip was assigned to the correct dog (checks can be made by the judges).

6 - Competitors Welcome Meeting:

Race bibs, veterinary checks and equipment checks will take place on Thursday, May 26, 2022. Competitors are invited to verify the information provided during their Inscription. They are required to attend the race briefing (without dogs) that will take place before the races.

7 – Course and markings:

The routes are plotted and marked under the responsibility of the organiser, in agreement with the judge and/or the race director. The markings shall be carried out in such a way that there is no ambiguity in the path to be followed, by means of approved directional signs and ribbon. The ribbons are placed in addition to the directional signs, and do not indicate in any case the changes of direction to follow. The routes drawn must under no circumstances be modified or cleared by the competitors under penalty of disqualification.

Apart from the competitors registered in the race for which they are running, it is strictly forbidden for any other competitor to take the courses during the duration of a race under penalty of disqualification. The recognition of routes is only allowed if the judge gives the authorization and provided that the route is finished marking (no recognition is allowed on a route being marked). The organiser reserves the right to modify the route at the last moment if the situation requires it (weather, danger, etc.). At the start, in the start area and for the duration of the race, for the dog, the wearing of a collar of any kind is prohibited.

7.1 – Responsibility for the tracks:

The race briefings are mandatory and are intended to inform competitors of potential changes in routes and/or schedules, that time is provided for the recognition of the routes, that the tracks are displayed and downloadable, and that they are controlled by the beacons before departure, the organizer declines any responsibility in case of error of course or schedule on the part of the competitors, and will not be subject to any refund. The timed time will be that of the course actually completed, and competitors absent at the start times will not be able to resume their start.

8 - Cleanliness on the sites and on the Tracks:

The collection of canine droppings on the site but also on the tracks is mandatory. Even if the organizer makes pick-up bags available, competitors are required to carry the pick-up kit. The cleanliness of the premises and the collection of garbage are also mandatory at all sites. A competitor who does not collect his dog's droppings or garbage will be given a 1 minute penalty.

9 – Parking on-site :

9-1 : Vehicles and access to races:

Outside the parking areas provided for this purpose, competitors are strictly forbidden to park along the roads or to try to access the start of races by vehicle (Natura 2000 area). Please use the car parks provided for this purpose (along the golf course or at the sports centre) and respect the instructions of the usher and/or the assigned pitches.

9-2 : Camping-cars and tents in the village:

Apart from the organisers, judges, officials and shops, unless otherwise exempted by the organisers, no parking is allowed on the base.

10 – Off-Lead Dogs:

On the whole site (including camping areas), all dogs must be kept on a leash or attached to the stake-out if they are at rest. The use of all training collars of any kind (electric, vibration, sound or other) as well as the mistreatment of dogs are strictly prohibited on the site under penalty of penalties that may lead to the disqualification of the competitor.

11 - Responsibilities:

The organiser declines all responsibility in case of theft or deterioration of personal property that may occur on the site (including parking and annexes) during the event. He cannot be held responsible for accidents occurring on the races or on the site. The competitor must have civil liability insurance, and declares to know the risks related to the practice of canicross and in particular those of the Jura'Chien Trophy.

12 - Insurance :

The participants of the Jura'Chien Trophy, licensees and non-licenciés are covered by the federal insurance subscribed to MAIF (details on www.FSLC-canicross.net). In the event of a claim, it must be reported to the race judge and the organizer must be notified, who will provide the competitor with a declaration form to be completed.

13 - Safety :

Participants are required to alert the nearest marshall as soon as possible if they see an injured competitor so that rescue can respond very quickly. Failure to intervene constitutes a fault liable to sanctions. Emergency services are provided by the fire brigade or civil security present on the site. Particular attention must be paid to the possible presence in this season of processionary pine caterpillars, particularly irritating and dangerous.

14 - Photographs :

The competitor authorizes the organizer to use his name, as well as the photographic photographs taken during the event for any promotion of the Jura'Chien Trophy, the Federation of Canine Sports and Recreation and/or its partners. This authorisation shall be tacit without written disagreement on the part of the competitor.

15 – Water Access :

On the race site, a cistern of drinking water, fed by a solar pump, is made available; it is used for livestock (flocks of sheep), for filling sand bins and for wetting dogs in case of heat. Please use it in moderation, and don't forget to turn off the tap after use.
